**money  
mart**

A large, white, stylized arrow pointing upwards and to the right. The word "money" is written in a bold, lowercase font along the shaft of the arrow. Below the word "mart", there are two white circles representing wheels, suggesting a shopping cart. The entire graphic has a subtle drop shadow.

**BECOMING A VENDOR**

Please read the below in its entirety prior to sending your email to [vendoringquiries@moneymart.tv](mailto:vendoringquiries@moneymart.tv)

**Qualifications:**

## **2. Manufacturing the product**

The item you submit for a product evaluation should be a manufactured item or at the very least, a working prototype. Unfortunately MoneyMart does not assist inventors and entrepreneurs with manufacturing.

## **3. Fees & Calculating Vendor Cost Prices**

MoneyMart does not charge for a product evaluation nor does it sell its airtime. We are just like any other retailer in the marketplace, rather than having a store front to sell our product, our selling outlet just happens to be on air. We purchase goods at a negotiated cost price and sell it on air. As the vendor you determine the cost of goods to MoneyMart.

Please factor in the charges you incur in packaging and shipping your product to the MoneyMart warehouse or for those products that will be drop shipped.

## **4. Direct Contact with Buyers**

Due to the volume of emails with new product submissions, you are required to email your business proposal to [vendorinquiries@moneymart.tv](mailto:vendorinquiries@moneymart.tv)

Your email will be forwarded to the appropriate department and we will contact you directly should we choose to partner with you.

## **5. Mailing Unsolicited Product Samples**

MoneyMart requests that you do NOT mail us unsolicited product samples until we make requests. MoneyMart accepts no responsibility or liability for the safe arrival, handling or return of any samples submitted.
